

Sprint 1 Contributions — Fatmagul Dedek

Role: Documentation

Period: 2026-09-19 to 2026-09-27

Summary

Wrote the better part of the README file describing the project problems and solution. Kept track of the meeting minutes and progress made to document it in the github wiki.

Key Contributions

ReadMe file

- Documented the project description
- Identified the problem that our product solves
- Identified the solution our product proposes
- Documented all info related to our team

Meeting Minutes

- Kept track of the time spent at each meeting the team had
- Described the progress made and tasks assigned by the end of the meeting
- Formatted the information and documented it in the github wiki page for Meeting minutes
